The afternoon session commenced for B.Pharmacy. Pharm.D students. Mr. Ravishankar started his session with a PowerPoint presentation and then gave a detailed training on J-Gate and Medicines Complete. The third session started with the audience of B.Pharm. and Pharm.D students. There was a commendable interaction and participation by students during this session, during which twenty students created their account in JGate. The session ended with the thanks given by the students. At the end of the session Principal Dr.Suryadevara Vidyadhara, advised students to make great use of the consortium to attain subject oriented knowledge which will be useful to dissertation work.

The programme helped to inculcate the value of using various journal databases to find research articles. It also gave awareness about the authenticity of various research articles published in a journal database and in Google. It was recommended that all members who browse J-Gate should create an account through which they can save their search articles and use them even if they are outside the campus through their personal computer, laptop and mobile. Overall, the session provided lot of useful information to students and faculty which was greatly appreciated.
